

# SIZING

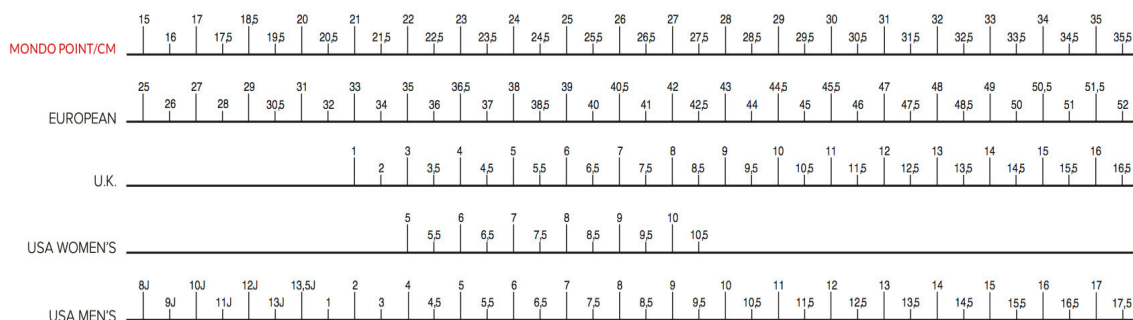

## MEASURE YOUR FEET

## SIZE CONVERSION

Rollerblade skates size is always measured according to the Mondo Point scale (calculated in centimeters). Please refer to our size conversion chart in order to find the equivalent in your respective sizing scale.

## SIZE CONVERSION CHART

## FIT

For our TWISTER EDGE skates, we recommend our customers to buy an half size bigger than the other Rollerblade skates in order to enjoy a perfect fit.  
For our TWISTER and MAXXUM skates, we recommend our customers to buy a full size bigger than the other Rollerblade skates in order to enjoy a perfect fit.

## KIDS SKATES SIZING

All our kids skates feature a 4 sizes expandable shell. You must refer to the information written on the box to know the size range. To enlarge the skate, press the button and slide the toe box forward.
