

## COMBO

Code: 07957800741

Color: BLACK/RED

Size: MP (cm) - 1 = 17,5 - 20,5 | 2 = 21,0 - 23,0 | 3 = 23,0

### Description

Rollerblade makes the best adjustable inline skates for kids. Microblade (Combo comes with 3 pack of Rollerblade Skate Gear-knee pads, wristguards and elbow pads) skates are adjustable 4 full sizes to grow with children's feet and have an easy to use adjustment system that works with the push of a button. Easy to read markers in the toe area make aligning the skates to the correct size easy and reliable. The Microblade structure provides better support and helps improve the stability, balance and control. The models were redesigned with engineered mesh for comfort and breathability and the dual set up of the frames allows skaters to have the option of upgrading to a 3WD set up by simply purchasing larger wheels. Junior Fit liners make the Microblade very comfortable and the wheel/bearing combination is perfect for kids to get started with the right amount of speed. The closure system ensures a secure fit with easy on and off abilities. Having a positive first experience on skates will increase the chances kids will continue to skate, stay active and improve their fitness abilities while having fun and creating a life long activity. Brake is on the skate. FEATURES: - BEST KIDS INLINE SKATE COMES WITH PROTECTIVE GEAR Microblade is the best skate for kids just starting out and is great for kids that have an older skate and are looking for a better quality product to upgrade to. Combo comes with 3 pack of Rollerblade Skate Gear (knee pads, wristguards and elbow pads) - KIDS ADJUSTABLE 4 SIZES the Microblade shell is sleek and streamlined to correctly position kids in the skate so every stride is optimized for skating with proper balance, control and better support. - LINER PADDING CUSHIONS SKATERS FEET Padded liner and tongue cushions the feet very well for long and short skating sessions. - DURABLE INTEGRATED FRAME

is part of the shell to get kids closer to the ground for a lower center of gravity. It also features a 3WD mounting system for upgrading to a 3x80mm wheel set up. - ROLLERBLADE PERFORMANCE WHEELS 72mm/80A wheels are paired with SG3 bearings for a lasting, smooth roll with just the right amount of speed to keep the roll a little safer, but still exciting.
