

## AURORA W

Code: 0G206000862

Color: WHITE/SILVER

Size: 5-10 FULL SIZES ONLY

### Description

The Aurora figure skates are designed with a variety of materials and features that provide a great fit with warmth, ankle support and stylish cosmetics for the beginner to intermediate skater. Reinforced uppers combine with extra fit details to make every stride on the ice count to reduce fatigue and skate longer. This a great casual skate choice for someone looking for a skate above entry level that is exceptionally comfortable, very supportive and durable for recreational skating. Classic figure ice skates with modern detailing that combine style, fit, performance and warmth at a budget price. While the blades may seem sharp, it is always best to sharpen new ice skates before the first use to ensure optimal performance on the ice.

**FEATURES:**

- **FUNCTION AND FASHION** make this the ideal recreational skate. Aurora perfectly mixes fit, performance and warmth at a budget price for the intermediate & beginner ice skater to enjoy hours of skating.
- **REINFORCED UPPERS WITH ANKLE SUPPORT & FLEX NOTCH** provide stability and a great fit. Reliable performance and stylish aesthetics make it a high quality skate with support and enhanced forward flex.
- **SYNTHETIC FUR LINER** and dual density foam padding keep feet warm and cozy on the ice while maintaining high levels of comfort and support with high performance for longer skating sessions.
- **LACE CLOSURE WITH LACE HOOKS** and maintenance free pvc outsoles enable a custom fit to tighten the laces in specific parts of the instep and allow simple care of the sole.
- **STAINLESS STEEL FIGURE BLADES** with toe picks hold their edge longer, prevent rusting and deliver consistent performance with minimal maintenance. Please make sure the blades have been sharpened before the first use for proper performance.
